02 BRAND FOUNDATIONS

A corporate system designed to connect structure, control and results

NEXORA GROUP is positioned as a scalable enterprise group, not as a single-sector brand.
The identity must remain credible across software, finance, projects, operations and future divisions.

STRUCTURE

Clarity and disciplined systems

CONNECTION

Cross-functional integration

CONTROL

Traceability and governance

RESULTS

Execution with measurable outcomes

LONGEVITY

A timeless corporate posture

MICRO BRAND

Optically corrected symbol

CONECTAMOS VISIÓN CON RESULTADOS

PRIMARY SIGNATURE

Use whenever space allows. Navy is dominant; Nexora Blue is a controlled color.

The tagline must remain exactly: Conectamos visión con resultados

PRIORITY ORDER

- 1 Full corporate signature
- 2 Horizontal signature
- 3 Product signature
- 4 NX symbol
- 5 Micro symbol for 16-48 px

Construction reference angle: 40 degrees

Optical correction is allowed; grid is a tool, not a cage.

Do not auto-trace or add decorative nodes.

NEXORA is the dominant name; GROUP remains secondary

The wordmark for NEXORA GROUP is displayed in a dark blue color. 'NEXORA' is in a large, bold, sans-serif font. Below it, 'GROUP' is in a smaller, all-caps, sans-serif font, with wide letter spacing.

The wordmark uses a custom corporate arrangement with a proprietary X tied to the NX geometry.

Production SVG/PDF/EPS files convert all final lettering to outlines.

Inter is recommended for supporting typography, not as a substitute for the outlined final wordmark.

Conectamos visión con resultados

Do not add a final period

Do not change word order

Do not translate in the master Spanish identity without an approved localization system

Inter

Executive interfaces and supporting communication

Recommended weights: Regular / Medium / SemiBold / Bold

Financial and tabular values may use a compatible monospaced family where product UX requires it.

Font files are not included in this package. Obtain them from their official licensed source.

TARJETA CORPORATIVA

APPLICATION MOCKUP

NEXORA GROUP

Conectamos visión con resultados

Corporate identity signature template

Preferred production: SVG/PDF/EPS vector masters

CMYK PDFs are supplied for print workflow handoff

Pantone must be approved against a physical guide before industrial production

Use the NX symbol for avatars and the complete horizontal signature for wide banners.

FACHADA CORPORATIVA

APPLICATION MOCKUP

RECEPCIÓN

APPLICATION MOCKUP

VEHÍCULO CORPORATIVO

APPLICATION MOCKUP

Application images are brand mockups, not engineering or fabrication drawings.

Patterns support communication and presentations; they must never overpower the mark.

Reference angle: 40 degrees with optical correction permitted.

Deliverables: animated SVG, MP4, WebM and GIF preview.

Motion is restrained and functional; no excessive glow, 3D or spectacle.

INCORRECT USES

Protect the system from visual drift

-  Do not stretch or compress
-  Do not rotate the mark
-  Do not recolor outside the approved palette
-  Do not add shadows, bevels or glow
-  Do not place low-contrast versions on busy imagery
-  Do not replace the micro master with an arbitrary reduction
-  Do not modify the tagline
-  Do not merge the corporate mark with client-company branding

DELIVERED MASTER TYPES
